To Whom It May Concern,

I am happy to write this letter of recommendation for Heather Botzet.

I am amazed at her level of commitment. I had the opportunity to work with Heather as a bride and could not recommend a more committed and enthusiastic person. I am here to say that I could not have done it without Heather. From the beginning, she was all business, she had lists and questions that I hadn't thought of, and I am very organized.

Heather was the "behind the scene" problem solver. She not only handled, but delegated tasks to get things done. She knew where things were and what needed to go where. As a bride, you are going to want everything to be in order so that it will be perfect. I can say, without a doubt...hand your day over to Heather and everything will be perfect.

I would certainly recommend Heather for any task where enthusiasm, integrity, trust, and professionalism are valued.

Sincerely,

Amber Danielzuk
